Patrick S. Williams, President and CEO of Innospec said, “We are so proud to be associated with the PenFed Foundation at this important time, as they have recently opened the doors to Defenders Lodge, providing free accommodations to our veterans. It is important that we engage with the communities around us, and contribute when we can to those who are both in need and deserving of our support. We are delighted as well, that our customers and suppliers have been able to join with us in making this contribution, which is a small acknowledgement to those men and women of our armed forces, who have given so much of their lives to defend us.
